A WORD FROM THE DIRECTOR

Dear Students and Parents:

The tradition of excellence in the Holt Band Program is still going strong. I can't tell you how excited I am about the coming school year. We are all rebounding from COVID, and must continue musical excellence on the marching field. The Marching Band demonstrated tremendous enthusiasm and commitment last year, and the group **has** established a solid reputation among top bands. We have already begun plans for next year's show, which we will be performing at home football games, and Marching Exhibition(s). Practice and preparation will be the two most important factors in obtaining the skills needed to perform well.

Marching Band Camp provides the opportunity for us to polish our skills and to address the most pressing issue for us, learning the show. It is at camp where we "put it all together" with hard work, and fun. **At no other time** during the year will we have the privilege of having so many rehearsals in such a short time period. As you can see, the success of marching band camp foretells the success of the band for the season.

Things to remember for camp this year:

Band Camp is one of the most important traditions that a band can have. This will be an unforgettable experience for every student involved. Musically yours,
